**Pesticide Product Registration**

**If this product is being sold in a state requiring the publication of information regarding its metal content, information regarding the contents and levels of metals in this product is available at the following website:**

http://www.aapto.org/metal.htm

**ENVIRONMENTAL HAZARDS**

This product is highly toxic to aquatic invertebrates. **DO NOT** apply directly to water, or to areas where surface water is present or to irrigation areas below the mean high water mark. **DO NOT** contaminate water when disposing of equipment washwaters.

This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

**DIRECTION FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **DO NOT** apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State or Tribe, consult the agency responsible for pesticide regulation. **DO NOT** apply this product, by any application method, to finned, basswood or other Tilia species.

**AGRICULTURAL USE REQUIREMENTS**

This product is highly toxic to aquatic invertebrates. **DO NOT** apply directly to water, or to areas where surface water is present or to irrigation areas below the mean high water mark. **DO NOT** contaminate water when disposing of equipment washwaters.

This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

**FIRST AID**

**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-325-1840 for emergency medical treatment information.

**NOTE TO PHYSICIAN**

No specific antidote is available. Treat the patient symptomatically.

**APPLICATION TO TURFGRASS**

This product can be used for the control of soil inhabiting pests of turfgrasses, such as Northern & Southern masked chafers, Chelymorpha borsalis, imidacloprid, and/or 2, 4-D. Asian garden beetle, Melolontha castaneus; European chafer, Rhinotrupes picipes; May or June beetles, Phyllophaga spp.; Japanese beetle, Popillia japonica; Oriental beetle, Anomala orientalis; Billbugs, Sphenophorus spp.; Annual bluegrass weevil, Hypeurus spp.; Black turfgrass avenae; Anthrenus spp.; Atheta spp.; and mole crickets, Scapteriscus spp. This product can be used as directed on turfgrasses in sites such as home lawns, business and office complexes, shopping complexes, multi-family residential complexes, golf courses, airports, cemeteries, parks, playgrounds, athletic fields and soils and farms. The active ingredient in this product has sufficient residual activity so that applications can be made preceding the egg laying activity of the target pests. High levels of control activity can be achieved when applications are made preceding or during the egg laying period. The need for an application can be based on historical monitoring of the site.

**NET WT 50 lb (22.7 kg)**

EPa Reg. No. 228-500-47956 • EPA Est. No. 47956-PA-001

**APPLICATION EQUIPMENT**

Apply this product uniformly only on the area being treated with typical granular application equipment. Both drop-type and rotary-type spreaders may be used to apply this product. Avoid the use of spreaders which apply the material in narrow, concentrated bands. It is recommended that all spreader equipment be calibrated at the time of application to achieve the desired application rate.

**SPREADER SETTINGS FOR THIS PRODUCT**

The following chart can be used as a guide in establishing an accurate rate of this product. The suggested settings should allow an operator to apply a rate of 3.5 pounds per 1,000 square feet or 150 pounds per acre. Application rates will vary dependent upon speed, equipment wear and condition of spreader.

**RECOMMENDED APPLICATION RATES**

**DOSAGE**

For control of mole crickets make application prior to or during the egg hatch period. Be sure to read “APPLICATION EQUIPMENT” section of this label.

- May or June beetles, Phyllophaga spp.
- Asian garden beetle, Oriental beetle
- Black turfgrass avenae
- Anthrenus spp.
- Atheta spp.
- Mole crickets, Scapteriscus spp.
- This product can be used as directed on turfgrasses in sites such as home lawns, business and office complexes, shopping complexes, multi-family residential complexes, golf courses, airports, cemeteries, parks, playgrounds, athletic fields and soils and farms. The active ingredient in this product has sufficient residual activity so that applications can be made preceding the egg laying activity of the target pests. High levels of control activity can be achieved when applications are made preceding or during the egg laying period. The need for an application can be based on historical monitoring of the site.

**NOTE TO PHYSICIAN**

No specific antidote is available. Treat the patient symptomatically.
### DIRECTION FOR USE (continued)

**RESTRICTIONS**
- Avoid runoff or puddling of irrigation water following application.
- Avoid application of this product to areas which are water-logged or saturated, which will not allow penetration into the root zone of the plant.
- **DO NOT** apply more than 200 pounds (0.4 pound of active ingredient) per acre per year.
- **DO NOT** apply to vegetable gardens.
- **DO NOT** apply near fish pools, ponds, lakes or streams.
- Food utensils such as teaspoons or measuring cups should not be used for food purposes after use with insecticides.

**STORAGE AND DISPOSAL**

<table>
<thead>
<tr>
<th><strong>DO NOT</strong> contaminate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, or feed. Store in original containers and out of the reach of children, preferably in a locked storage area.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>CONTAINER DISPOSAL:</strong> Nonrefillable container. <strong>DO NOT</strong> reuse or refill this container. Offer for recycling if available.</td>
</tr>
<tr>
<td><strong>SPILLS:</strong> If the container is leaking or material is spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. <strong>DO NOT</strong> walk through spilled material. Dispose of as directed for pesticides above, or apply uncontaminated product according to Directions For Use. Keep unauthorized people away. For chemical spill, leak, fire, or exposure, you may contact CHEMTREC at 800-424-9300.</td>
</tr>

### WARRANTY DISCLAIMER

The directions for use of this product must be followed carefully. To the extent consistent with applicable law, (1) the goods delivered to you are furnished "AS IS" by manufacturer or seller and (2) manufacturer and seller make no warranties, guarantees, or representations of any kind to buyer or user, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to merchantability, fitness for a particular purpose, use, or eligibility of the product for any particular trade usage. Unintended consequences, including but not limited to ineffectiveness, may result because of such factors as the presence or absence of other materials used in combination with the goods, or the manner of use, or application, including weather, all of which are beyond the control of manufacturer or seller and assumed by buyer or user. This writing contains all of the representations and agreements between buyer, manufacturer and seller, and no person or agent of manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to these goods.

### LIMITATION OF LIABILITY

To the extent consistent with applicable law, no event shall manufacturer or seller be liable for special, incidental, or consequential damages, or for damages in their nature of penalties relating to the goods sold, including use, application, handling, and disposal. Manufacturer or seller shall not be liable to buyer or user by way of indemnification to buyer or to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or arising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by manufacturer or seller to buyer. All such risks shall be assumed by the buyer, user, or its customers. Buyer’s or user’s exclusive remedy, and manufacturer’s or seller’s total liability shall be for damages not exceeding the cost of the product.

If you **DO NOT** agree with or **DO NOT** accept any of directions for use, the warranty disclaimers, or limitations on liability, **DO NOT** use the product, and return it unopened to the Seller, and the purchase price will be refunded. (RV093014)
